Mission Statement

"USA Beauty Academy is committed to improving student futures through providing life-long education to be leveraged in the ever-growing demand for quality beauty services. We strive to generate and deploy quality-educated professionals into the beauty field in order to maximize the student's ability to obtain state licensure and gainful employment."

Admissions Requirements

Prior to a student starting class, the following documentation listed below must be secured, as applicable. If you do not provide the documentation, you will not be allowed to begin class.

BEGINNING JUNIORS:

Documents Required for Admissions:

- Social Security Card
- Driver's License or ID, or Permanent Resident Card (Green Card), or Passport (For foreign students, a VISA is also accepted as birth verification) showing a minimum required age of eighteen (18) years old.
- High School Diploma (HSD) or GED or U.S. Post-Secondary/College Diploma
 - A foreign diploma must also receive a translation (if necessary) and verification from an outside evaluation agency that it is the equivalent to a U.S. high school diploma (at a minimum).
 - For home-schooled students, documentation of a state certification is required.
 - We do NOT offer ATB testing for HSD replacement
- **INSTRUCTOR TRAINING:** An applicant must have a current Nail Technician license OR Cosmetologist License issued by the Georgia State Board of Cosmetology.

TRANSFER STUDENTS:

- If the student is transferring hours into the school, ALL hours corresponding with the Georgia State Board curriculum requirements are accepted, as long as the original school is accredited by a national accrediting agency recognized by the US Department of Education.
- Provide all documents listed under "*Beginning Juniors*".
- If a student wishes to transfer out of the USA Beauty Academy to another school, the student must pay all financial obligations and then the school will issue a transcript to the student or to the school that the student requests.

RE-ENTRY: If a student would like to re-enroll before ninety (90) days after voluntary withdrawal or termination, then he or she would be subject to previously contracted tuition rates (which will be pro-rated) and other fees. Before a student can be considered for re-entry, all previous balances due to the school must be paid in full and made current based on the percent of program completed prior to the withdraw or termination. If a student decides to return from a voluntary withdrawal or termination after ninety (90) days, the student will be subject to any new tuition rates enacted by the school since the student withdrew. The student will return in the same satisfactory academic progress status as before withdrawal/termination.

INTERNAL TRANSFERS: For definition purposes, an "internal transfer" is a student who transfers from one program within UBA to another program also within UBA. For refund calculations, internal transfer students will be treated as a withdrawal from the first program in which any money due to the school must be settled prior to allowing the student to transfer to a different program. If the student has a balance owed to student after a refund calculation, that balance can be applied to the new program tuition fees. The hours obtained by the student will be reviewed and applied accordingly to corresponding coursework from the previous program to the new program. Only coursework/hours completed in the relevant

coursework/subject of the new program will be transferred over. For example, if a Master Cosmetologist wants to transfer to a Nail Technician program, ONLY the nail technician subject hours earned from the Master Cosmetologist program will transfer to the new Nail Technician program, NOT all of the hours earned in the Master Cosmetologist course as they are not all applicable to the same programs.

NON-RECRUITMENT POLICY:

- o The school does not recruit students already attending or admitted to another school offering a similar program of study.

HSD TRANSLATION POLICY:

The student must make sure that his/her High School Diploma (HSD) is translated to English if in any other language. The Georgia state board will not accept High School Diplomas in any other language. The student and the school must recognize the following policies:

- o The school reserves the right to deny any student’s HSD if deemed invalid and/or illegitimate.
- o HSDs are to be translated before the student is able to start his/her program of study.
- o Any student providing a HSD received at an online institution is at risk of the HSD being rejected by the school in the event the school is not Department of Education (DOE) approved.
- o If a student’s HSD looks questionable, the school will take the following actions to verify validity:
 - o Search for the school’s DOE code
 - o Search and thoroughly review the school’s website and assess for validity
 - o Online HSDs are subject to extensive investigation, as they are more likely to be illegitimate
 - o If an HSD cannot be verified, the student must obtain a GED prior to enrolling into the school.

(1) Each course has been contracted for a specific number of hours for instruction and under a prescribed schedule for completion within the time frame defined on the enrollment agreement. (2) Students are provided a graduation date based on contracted hours and the defined attendance schedule. Any student, by virtue of absences or other non-attended hours issue, that remains in school more than 120% beyond their contracted or amended graduation date will have to pay per hour for each additional hour beyond their scheduled completion date according to the enrollment agreement. (3) Students who require additional training to satisfy the required clock hours of their program will be billed at the hourly rate of \$10.00 per each hour of required attendance. (5) Any student with unpaid overtime charges will be reported to State Board as a non-completer.

Transfer Student Tuition Charges

Upon review of a transfer student’s accepted hours from his/her previous school and program, the school will apply a tuition credit to the student’s ledger based on the current dollar per hour rate in the tuition charts above. The student will still be obligated to pay the regular registration fee, and book/kit fees **IF** the

student either does not have a book or kit or if the student's current book and kit do not match the school's standard materials for the selected program. The "pay-in-full" discount will still be allowed to apply for transfer students under this policy. *The same "overtime charge" policy preceding this policy will also be in effect for transfer students.*

Payment Options

For all programs: The student is required to pay registration fees down prior to starting school. Payments are due on the 1st of the month and considered late by the 5th of the month. A late fee of \$50 will be charged if a student has not paid by the 5th of the month, with the exception of school holidays longer than one day that might fall on a payment due date. In this scenario, payment will be due by the end of the week that the school returns from the holiday. Payment terms are contracted and signed off by both the student and the school staff on the Enrollment Agreement, and must be followed exactly as contracted. No partial payments will be accepted at any time. Should a student become more than two (2) months late on tuition payments at any point during their program, the student will automatically be dropped from the program with the option to re-enroll under the "re-entry" student status terms in the "Admissions Requirements" section above once tuition payments are made current.

Prior to graduation, any remaining balance will be due. If all funds owed are not paid to the school prior to graduation, the school reserves the right to withhold the student's transcripts and/or Certificate of Completion. ****We accept cash, credit card, money order, cashier's check or personal check****

Statement of Non-Discriminatory and Handicap Accessibility (USC-ADA):

USA Beauty Academy in its admission, instruction, and graduation policies and practices does not discriminate on the basis of sex, race, religion, age, ethnic origin, color, disability, financial status, marital

status, height weight ratio, sexual orientation, or ancestry. The school does not allow or tolerate bullying, harassment, or hazing of any sort. If any student or team member experiences or witnesses anyone being bullied, harassed, or hazed in any way you are required to report the matter to the school's Director immediately in order for appropriate action to be taken. If a prospective student or current student needs a special accommodation in accordance with the Americans with Disabilities Act (ADA), they should notify the Director's Office, as soon as possible in order for the school to assist the student with their accommodation.

Equal Opportunity:

It is a violation of **USA Beauty Academy** published Policy for any manager, supervisor, faculty member or student to engage in the harassment of, or discrimination against any member of the institutional Community based on gender, age, race, place of national origin, native language, ethnicity, color, financial status, marital status, height weight ratio, disability, sexual orientation, or religion. Inquiries regarding any situation in which the equal opportunity standards or values of this institution may have been violated, should be reported directly and immediately to the CEO, or a managing staff member.

Special Services and Facilities Available to Handicapped Students:

USA Beauty Academy is handicapped accessible at street level. The institution will NOT knowingly enroll any student who could not reasonably be expected to benefit from training however there are no special services or facilities provided beyond handicapped accessibility. The school, however, will make a reasonable effort to accommodate the needs of a handicapped or disabled person.

Zero Tolerance

USA Beauty Academy has zero tolerance for any forms of violence or threats, offensive language or aggressive behavior, bullying, use of or possession of illegal substances or alcohol, possession of firearms, ammunition, explosives, fireworks, or any other dangerous weapon (any instrument that may be used to inflict bodily harm), theft and fraud. If anyone is suspected of any of these types of violations, they will be immediately suspended from school during an investigation. Once the investigation is complete and if the suspected party has been found to be in violation of the policy they will be terminated from the program. Future enrollments at will not be approved.

Health & Safety Plan

A beauty school student and professional must possess hand-to-eye coordination and leg mobility in order to move about while performing services. Clients are shampooed by their stylist at the shampoo bowl, then moved and seated in an adjustable hydraulic styling chair. The stylist moves around the client as the service is performed. Persons who are unable to stand for long periods of time or have limited mobility would have difficulty using regular shampoo bowls and hydraulic chairs. Manicuring and the application of artificial nails do not require extended standing or mobility. Clients are seated for the entire manicure or artificial nail application. The Esthetician program does not require a great deal of physical mobility, however; hand and finger strength is required for the massage portion of a facial skin service. Facial clients generally recline on an adjustable facial chair with the skin technologist seated at the client's head. Make-up, cosmetic applications, and brow shaping are performed while the client is seated, and the cosmetology professional is in a standing position. Instructors in this profession work a lot on their feet and long hours are required.

Hazardous Chemicals:

On a daily basis, students and cosmetology professionals handle and store hazardous chemical solutions and products, which could burn the skin and scalp, damage hair, or produce dangerous fumes if not properly used, mixed, and stored. If a student is, or becomes pregnant at the time of enrollment, or while attending training the school will require a written release from a student's physician before a student is allowed to begin or

continue their cosmetology training. *(This policy is intended to protect both the student and student's unborn child.)*

Allergic Reactions:

The products, chemicals, and solutions routinely used by students and cosmetology professionals MAY cause allergic reactions. Students are instructed to follow all manufacturers' instructions to wear disposable gloves, and to protect their clothing by wearing their lab coats during ALL chemical operations. Should any type of allergic reaction occur, a student is required to immediately notify a staff member.

Your Feet and Legs:

In order to work in the Cosmetology Profession, all students and cosmetology professionals must have the use of their feet and legs. In the future work environment, a cosmetology professional is expected to stand for long hours, while performing services. In order to protect from any type of "career -ending" injury or permanent damage to feet and legs, students are advised to wear closed-toed shoes with socks, with non-skid soles, that have a reasonable heel height. Students and cosmetology professionals work on concrete or linoleum floors, and on a daily basis they lift volume containers of shampoos and other products off shelves. In order to support the feet and legs, and protect them from falls, slipping, or other injuries students must wear appropriate footwear.

Skin and Clothing:

Students and cosmetology professionals handle products and chemical disinfectants that can burn skin, enter the body, and damage clothing. To protect, prevent, and minimize the damage that can be caused by chemical spills, splashes, and to promote general cleanliness, students are required to wear protective smocks and to protect clients with protective aprons.

Physical Contact

Students and cosmetology professionals maintain close body contact with clients. During the performance of a service skin and hair cells pass from the client to the student. A student MAY encounter a parasite or a contagious disease. A student may be exposed to human blood, or other bodily fluids. Students are instructed to wear disposable gloves and their lab coats with the public, and to follow all safety procedures to ensure that a disease or parasite cannot infect the student or additional persons.

Electrical Appliances:

Electrical appliances such as blow dryers and curling irons are used near sink and water areas. These appliances must be properly cared for and maintained so that an electrical shock is not produced. Students are not allowed to use any appliance with a frayed or "taped" cord. All electrical appliances must be plugged into grounded outlets. Electrical cords cannot be stretched across aisle.

Accident reporting procedures

- Any accidents occurring on campus, in the building or parking lot, must be immediately reported, in writing, to the Director's Office for investigation and review.
- It is encouraged that any accident reports to be as thorough as possible so that a proper investigation can be conducted as efficiently as possible.
- The Director's Office are required to review, investigate, and respond to the reporter within thirty (30) days maximum should a response be required. Should a particular incident require more time for investigation, the reporter will be notified within this same timeframe with an estimated time of official response.

- All accident reports are carefully reviewed and discussed with all faculty, staff, and students so that future incidents of the same nature can be avoided by adjusting the school's operational or handling procedures.

Campus-wide emergency alerts and procedures

- Any time there is a campus-wide emergency, all students can be quickly alerted at the same time through the Genesis student database software both via text and email.
- Campus-wide emergencies include, but are not limited to, severe weather emergencies, acts of violence, burglary, vandalism, bomb threats, and more.

FERPA Policy

Students and parents or guardians of dependent minor students have the right to review a student's educational records, to request amendment to student's educational records, to provide consent prior to disclosure of personally identifiable information, and to file complaint with the U.S. Department of Education regarding the failure of **USA Beauty Academy** to comply with FERPA.

 - h. To parents or guardian of a dependent student.
 - i. To comply with a judicial order or subpoena.
 - j. To meet health or safety emergency.
 - k. To accrediting agency(ies).
4. All disclosure of information will be recorded in the file and will include parties receiving information and the legitimate interest of the parties for inspection of the records.

Before publishing directory information such as student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities, degrees and awards received and the most recent previous educational agency or institution attended, the school allows the student or guardian to deny authority to publish one or more of these items.

Satisfactory Academic Progress Policy

Satisfactory progress in attendance and academic work is a requirement for all students enrolled in any program and for any category of attendance (part-time/full-time). This policy is provided prior to enrollment to ensure applicants understand all requirements.

1. **Maximum Course Completion Time Frame:** All courses must be completed within one hundred and twenty percent of the published course length (120% program maximum). Should a student exceed the maximum time frame, he or she will be allowed to continue in the program, but over-contract fees of \$10.00 per hour will continue to accrue beyond the original or amended contract graduation date.

2. **Determination of Progress:** Students will be evaluated and provided written evaluations of cumulative attendance and academic status when they reach certain actual clock hours as follows:

Program	Master Cosmetologist	Nail Technician	Esthetician	Instructor Training	Esthetician Instructor Training	Nail Technician Instructor	Master Barber
Report Hours	450 900 1200 1500	300 600	450 900 1000	375 750	250 500	125 250	450 900 1200 1500

Anticipated 900 hours in academic year for Master Cosmetologist, and Esthetician; Anticipated 250 hours in academic year for Nail Care Instructor; Anticipated 600 hours in academic year for Nail Technician.

The evaluations will show actual hours versus scheduled hours and will be completed within seven (7) days of the student reaching the above hour checkpoints. Students are only required to sign the formal progress evaluations when and if he/she is below the progress standards (academic or attendance). Students must be evaluated at least by the midpoint of the course or the midpoint of the academic year, whichever occurs sooner. In addition, each student must maintain a cumulative 70% rate of attendance.

3. **Academic Progress Evaluations:** Student Academic Progress (i.e. evaluation on theory, practical and clinical work; however, clinical work is graded on a pass/fail basis only and will not be considered as part of the overall GPA) will be evaluated during the same time periods as stated above in the "Attendance Progress Evaluations". Each student is expected to achieve a minimum grade point average of 75%. The grading system shall be: 100-90% A (Excellent); 89.9-80% B (Above Average); 79.9 – 70% C (Satisfactory); and 69.9 – 0% D (Failing).

4. **Student Status:**

- ❑ **Satisfactory Academic Progress:** Students who meet the standard for both attendance and academic evaluation period shall be considered to be making Satisfactory Academic Progress until the next scheduled evaluation. To meet requirement for satisfactory academic progress, each student must have a cumulative GPA of 70%, as well as maintained a cumulative attendance rate of 70% of scheduled clock hours.
- ❑ **Warning and Probation:** Students who fail to meet one, or both, of the evaluation requirements (Attendance or Academic) shall be placed on a *warning* until the next evaluation period. If a student fails to meet one or both of the evaluation requirements (Attendance or Academic) after the warning period, he or she will be placed on *probation if the student prevails upon appeal of a negative progress determination prior to being placed on probation (see appeal information below)*. The school may allow for the status of probation if the institution determines that satisfactory academic progress standards can be met by the end of the subsequent evaluation period. If a student determines this is an inappropriate action based on personal circumstances, he or she may submit an appeal as stipulated in Item 6 below. A student can re-establish progress status by meeting the minimum attendance and/or academic minimum requirements.
- ❑ **Withdrawals:** Academic Progress achieved will not be adversely affected by withdrawals. Students re-entering their program will return in the same SAP status as when they left.
- ❑ **RE-ENTRY:** If a student would like to re-enroll before ninety (90) days after voluntary withdrawal or termination, then he or she would be subject to previously contracted tuition rates (which will be pro-rated) and other fees. Before a student can be considered for re-entry, all previous balances due to the school must be paid in full and made current based on the percent of program completed prior to the withdraw or termination. If a student decides to return from a voluntary withdrawal or termination after ninety (90) days, the student will be subject to any new tuition rates enacted by the school since the student withdrew. The student will return in the same satisfactory academic progress status as before withdrawal/termination.
- ❑ **Transfer:** Transfer hours from another institution that are accepted toward the student's educational program are counted as both attempted and completed hours for the purpose of

determining when the allowable maximum time frame has been exhausted. SAP evaluations periods will be based on actual contracted hours at the institution.

5. APPEAL PROCESS: Students may appeal a satisfactory academic progress determination. The appeal must be in writing and directed to the school director, along with any supporting documentation as to why the student failed to meet SAP requirements in the specified period. Submitted documentation must also include a statement signed by the student as to why the student failed to make satisfactory academic progress and what has changed in the student's situation that will allow the achievement of satisfactory academic progress by meeting the cumulative academic and/or attendance requirements by the next evaluation.

Mitigated Circumstances: If it is determined and documented that a student's failure to demonstrate satisfactory progress was due to personal illness, death of a family member (immediate relation), emotional trauma, etc., the appeal will be accepted and the student will be on probation, if applicable. The institution may allow for probationary status if it is determined that the student will meet SAP requirements by the end of the probationary period. If at the end of the probationary period, if the student is still not meeting Satisfactory Progress, the student is allowed to continue the program but is notified that the over-contract fees continue to accrue. The student is no longer eligible for any applicable funding (school not eligible for Title IV), unless the student is on warning or has prevailed upon appeal of the determination that has resulted in the status or probation. A copy of the appeal and determination of the appeal will be placed in the student file.

6. COURSE INCOMPLETES, REPETITIONS, NON-CREDIT REMEDIAL COURSES: Course incompletes, repetitions and non-credit remedial courses do not apply and have no effect on satisfactory academic progress.

Make-Up Policy

Students must make their own arrangements with their instructor to make up any missed classroom theory, practical lessons, or examinations. Students must complete the same material missed from original class with the make-up instructor as directed on the make-up form provided. Each program has a built-in single day per week timeframe for any make-up hours (subject to change depending on program instructor availability). Although not commonly utilized, it is also possible for a student to make up missed hours/assignments on school holidays with prior consent of the administrative staff and the instructor.

Withdrawal Policy

All students who wish to withdraw must notify their instructor and the school administration staff in writing in order to appropriately process the withdrawal. In the event a student withdraws from the school, the school will hold their hours for return for a maximum of thirty-six (36) months. After this period, if the student returns, the student must start the program from the beginning.

Advising/Counseling

All students are encouraged to seek assistance from their instructors or other appropriate staff members concerning their classes, or other problems that affect the student's attendance at school including but not limited to: school personnel issues, issues between other students, and personal issues. Academic advisement is also provided by the Records Specialist when a student fails to meet GPA or attendance requirements, or upon student request for an appointment at any point during the student's program.

Grievance Policy

The school will make every attempt to resolve any complaint or grievance that is not frivolous or without merit. Grievance procedures are discussed in orientation thereby assuring all students know the steps to follow should they desire to register a grievance at any time with the school, its staff or faculty, or its director. All confidentiality in personnel complaints shall be reserved. The school will react promptly to any student

grievances in order to maintain quality, value, and a conflict-free environment within our school. Evidence of final resolution of all grievances will be retained in school files.

1. The grievance must be made in writing and any supporting documentation must be submitted within 60 days of the date the grievance occurred.
